

REMARKS

- 1) The Office objected to claim 3 for antecedent basis. Applicant has amended claim 3 to replace "said active pull" with an --an active pull-- and replace "said active pull" with --an active pull--.
- 2) The Office provisionally rejected claims 2-16 under the judicially created doctrine of obviousness-type double patenting. Applicant has filed a Terminal Disclaimer to overcome this rejection.
- 3) Accordingly, Applicant respectfully submits that claims 2-16 are now allowable. Applicant requests reconsideration and allowance of claims 2-16 in their current forms.
- 5) The Examiner is invited to telephone the applicant's agent at 650-853-0189 for a conference if such conference could expedite prosecution.
